Media Release:

Celebrity Golf Classic teeing off some fun soon

In its tenth year, the Moolarben Coal Celebrity Golf Classic is set to be a great golfing event on 15 March 2024, with all money raised going towards local community organisations.

The tournament is always a highlight in any golfer's calendar, bringing some of Australia's sporting greats to Mudgee with around 200 golfers taking part each year.

Some of the big names ready to be part of the annual local charity fundraiser include Greg Inglis, Brett Kimmorley, Peter Sterling, Cliff Lyons and Former Australian International Cricketer, Greg Ritchie.

Yancoal's partner, the Westpac Rescue Helicopter Service, is playing an active role in helping make this event happen and will be a beneficiary of the funds raised, as well as Mudgee Men's Shed, Lifeskills Plus, Kanandah Aged Care and Mudgee Junior Golf.

Mudgee Club Professional and the Classics Tournament Founder, Peter Mayson was delighted the tournament is back up and running again.

"We have already had a fantastic response from teams nominating early for next year's event - a number of these golfers have not missed a year since the classic began in 2012.

"It is always a big day in Mudgee and raises a significant amount of money for charity, which is great," he said.

The Celebrity Golf Classic is one of Mudgee's major sporting events. The golf course will again be at capacity with over thirty teams from across NSW competing in a unique six-person ambrose tournament, followed by an evening of dinner, auction and entertainment at the Mudgee Golf Club.

Moolarben Coal General Manager, Brian Wesley recognised the boost this event gives to charity.

"Over the years, The Celebrity Golf Classic has raised more than \$300,000 for local charities and we are proud to sponsor the day for another year.

"It's events like this that enable us to continue to make a positive impact on the Mudgee community, while also providing an enjoyable day of golf," said Brian.
