Media Release:

Collie community groups urged to apply for funding

Local community organisations in the Collie area with initiatives that make a positive difference to the local community are being encouraged to apply for funding in the next round of Premier Coal’s Community Support Program.

The 2024 Community Support Program is funded by Yancoal Australia and provides financial assistance to local groups working in the areas of health, community, environment, arts, culture, education and training.

Premier Coal Operations Manager, Braedon Gaske, is calling for local community groups to apply for financial assistance.

“Our Community Support program gives us the opportunity to assist those locally focused programs and initiatives capable of making a real contribution to the continued growth and sustainability of the region.

“A previously successful local organisation is the Collie Bowling Club. With funding support from Premier, they were able to purchase a new ride on mower to keep the grounds in pristine condition.

“In the past, Premier has also donated funds to the Men’s Shed of Collie to enable a renovation to their building, giving them more space in the workshop.

“These are just two examples of the fantastic work that has been supported by the program and it’s great to see the positive impact it makes to our community,” said Braedon.

The program is open for applications until 30 September 2023. For more information or for an application, please visit www.premiercoal.com.au

Yancoal is proud to be investing into local and regional Australia, helping build stronger communities across the country.
