## Dunedoo Multi Purpose Service receives support

Patients, family and carers can now sleep a little more comfortably when receiving palliative care at Dunedoo Multi Purpose Service (MPS), with the purchase of a Washington Sofa Bed thanks to the donation from Moolarben Coal.

The fully adjustable sofa bed allows family members to spend the night comfortably and to be with their loved one as much as possible when visiting them in palliative care.

Fran Trisley, Health Service Manager at Dunedoo MPS, was grateful for the donation.

“In what is already a distressing time in our care unit, we are pleased we can offer the family members of our patients a more comfortable chair, which allows them to sit bedside and to even get some overnight rest while caring for their loved one.”

The chair functions as a comfortable lounge chair that very easily slides out to become a sofa bed.

Moolarben Coal General Manager, Steve Archinal is proud to support Dunedoo MPS.

“We are pleased we can assist Dunedoo MPS, which provides an exceptional care service for the Warrumbungle region.

“This new sofa bed means people can now stay overnight in comfort. We are always happy to fund much needed equipment for deserving organisations in our community like Dunedoo MPS.”

This funding support is part of the Yancoal Moolarben Coal Community Support Program, which aims to make a difference in the community and in the lives of the people who work and live in the areas where it operates.
