Media Release:

Collie Race Club lawns are looking good

The Collie Race Club grounds are in exceptional condition thanks to a donation from Premier Coal mine to purchase a new ride on mower.

The race club track has an extensive area of lawn to be maintained and the previous mowing equipment was in much need of an upgrade.

Rosanne Pimm, Treasurer of The Collie Race Club, thanked Premier Coal for its donation.

“We endeavor to maintain our grounds at a high level with ongoing maintenance of the grassed areas that are essential for all locals and people from the wider region when they visit.

“The new ride on mower will save the groundskeeper time, be easier to operate, more comfortable and mow the lawns to a high standard,” said Rosanne.

The Collie Race Club plays host to many events throughout the year, it’s important the venue is always looking its best.

Premier Coal Operations Manager Jim Falconer was happy to support the Collie Race Club.

“Throughout the year, the Race Club holds many events that unite the community, bringing together locals and people from across Australia. The purchase of a ride on mower will enable convenience when maintaining the lawn and guarantee the grounds are of a high quality,” said Jim.

The donation was part of the Premier Coal Community Support Program, which aims to make a positive difference in the local community and the lives of the people who work and live in the areas it operates.
