Environment Monitoring Data

- Refer to monitoring data attachment.

Complaints and Incidents

- Two complaints relating to noise from Ashton site in February.
 - Complainant emailed site to report operational noise from Ashton commencing at 3:00am onwards. Meteorological data and site activities were reviewed. Investigated and not believed to be from Ashton Operations.
 - Complainant emailed site to report operational noise from Ashton commencing at 6:00am. Meteorological data, noise monitoring data and site activities were reviewed. Review of noise monitoring data indicated no change in noise levels during the time of the complaint. Investigation revealed normal site operations being undertaken including dozers operating on product stockpile and a train being loaded.
- No environmental incidents reported.

Environmental Update

- Monthly noise monitoring undertaken. No issues identified.
- Monthly environmental monitoring (groundwater, surface water, dust etc).
- Site inspection for Independent Environmental Audit
- Fox and wild dog baiting program undertaken.
- Ashton Aboriginal Consultative Committee meeting held.
- Exploration borehole rehabilitation will be undertaken this year in Exploration Licence area 4918 and 5860.
