Media Release:

Can Cruise Mudgee raises thousands

In its 18th year, the annual Can Cruise Mudgee one-day car and motorcycle rally was a major success, raising \$36,000 and Moolarben Coal was proud to be one of the major supporters for another year.

It is always a key fundraising event for the Mid-Western Region. The rally commences from the Mudgee Show Ground and travels through the CBD before continuing a road cruise through the stunning Mudgee region to Windeyer for a BBQ lunch with live entertainment and fun activities for everyone.

John Stuart, Coordinator for the Cudgegong Cruisers, was delighted with the success of the day.

“The Can Cruise event is our primary fundraising activity for the year, raising money for country people affected by cancer.

“It was a hugely successful and busy day. We had over 160 cars, trucks, motorbikes and tractors come along and we cooked around 340 bacon and egg rolls for breakfast.

“Every year, Can Cruise brings together the community for a great day of displaying cars, bikes and trucks. It travels through the Mid-Western Region, raising awareness and much needed funding.

“Cancer can place an unexpected financial burden on families with increased associated expenses such as travel, accommodation and medical costs.

“Can Assist have 55 branches throughout the state that work tirelessly to provide financial assistance and practical support to country people affected by cancer during their treatment and care.

“We are so proud we can facilitate this car and motorcycle rally year on year to raise much needed funding for the Can Assist Mudgee Branch who serve our community.

“Having the support of organisations like Moolarben Coal is vital to ensure this event continues to happen for the benefit of people who are suffering in our community,” said John.

Moolarben Coal Acting General Manager, Tim Slater was proud to continue the sponsorship.

“Can Cruise always unites the Mudgee community and we are pleased to support the event for another year.

“Sadly, we all know someone whether it be a friend or family member who has been affected by cancer. We are proud to provide funding to an event like this, that aims to make a difference in the community and in the lives of the people who work and live in the areas where we operate,” said Tim.

Yancoal is proud to be investing into local and regional Australia, helping build stronger communities across the country.

For over 20 years since 2004, Yancoal has grown to be one of Australia's largest coal exporters: owning or operating eight producing mines across the country, employing over 5,500 Australians, contributing to the national economy, and investing in regional communities.
